

## Beyond the 101: A Southwest Minnesota Multidisciplinary Safe Harbor Conference

### ABOUT THE CONFERENCE

Co-hosted by Lutheran Social Service of Minnesota, the StreetWorks Collaborative, the Minnesota Department of Human Services Office of Economic Opportunity, and the Minnesota Department of Health Safe Harbor Program, ***Beyond the 101: A Regional Multidisciplinary Safe Harbor Conference*** is designed for advocates, youth-workers, systems professionals, and other professionals who encounter youth in their work.

The purpose of the conference is to provide an opportunity for multidisciplinary professionals to participate in skills-based learning through a full day of engaging plenary sessions, workshops, and panel discussions focused on best practices when serving youth who are at risk of or have experienced sexual exploitation or homelessness.

The trainings will also provide an introduction to the new StreetWorks Certification Curriculum and its adaptations for Greater Minnesota, including a preview of certification trainings that will be available for multidisciplinary professionals in 2019.

StreetWorks has partnered with MDH, DHS, the Safe Harbor Regional Navigator, and other providers in the Southwest Minnesota region to host this training, develop content, and identify local training experts who are relevant to the region.

### WHO SHOULD ATTEND THE CONFERENCE?

We welcome broad participation from multidisciplinary partners such as advocates, youth-workers, systems professionals and other professionals who encounter youth in their work. CEU's will be applied for.
